Obtain Rail Rates/Prices

BNSF market-based prices are the most up-to-date, accurate prices for BNSF rail service. At BNSF.com, you can build, print and/or download prices for multiple locations, including interline rates with the CSX, CN, CP and NS.

To obtain a rail rate, you'll need to provide the following information:

- Commodity
- Origin
- Destination

NOTE: You must have a rate in place before shipping.

Transload Services

Transload services combine rail and truck services for customers moving a variety of products. With transload, you receive the short-haul flexibility of trucking and the long-haul economics of rail.

BNSF partners with a network of premier transloaders to provide efficient and cost-effective distribution and consolidation services. These partners have the capability to handle all types of commodities, the flexibility to handle new products, and are located within major metropolitan and industrial centers in the BNSF network.

For information about Transload services, pricing options, automated tools or to find a premier transloader

Oversized Shipments

Oversized loads are typically described as any load on a railcar exceeding 17ft. above the top of the rail and/or 11ft. wide, or anything that overhangs the end sills of the railcar.

For a step-by-step guide on how to ship oversized loads with BNSF Railway

- > BNSF.com: [Customers / How Can I Ship / Oversized Shipments.](#)

Request Clearance

All oversized shipments must receive clearance from the rail carrier(s). Clearance requests need to be submitted to the originating rail carrier.

Each oversized clearance request includes a \$1000 Pay-for-Proposal fee which is completely refundable on all proposals that become actual loads on BNSF. For more information visit:

- > BNSF.com: [Customers / How Can I Ship / Oversized Shipments / Pay for Proposal](#)

To request clearance for your proposed shipment:

- > BNSF.com: [Login](#) and go to the Plan tab
 - Select “Hiwide - Dimensional Clearance Request”

Obtain Rate

Once your shipment has been cleared by the rail carrier(s), you will need to receive a shipping rate.

Shipping rates for both the loaded car and idlers can be accessed via

- > BNSF.com: [Customers / How Can I Ship / Oversized Shipments / BNSF Railprices Website.](#) select the commodity type and access BNSF Railprices - Point and Click.
 - For non-tariff moves, please allow up to five business days for rate publication.

NOTE: Please be sure to read the shipping conditions to obtain the appropriate price.

BNSF Railway offers a variety of convenient tools to help you ship, including tools for ordering equipment, submitting shipping instructions, monitoring your shipments, and diversions.

Request a BNSF Railcar

When you're ready to ship and need a railcar, BNSF will attempt to provide the equipment you need.

To request an empty BNSF railcar, you'll need to provide the following information (based on your equipment profile):

- Quantity of railcar(s)
- Date you need railcar(s)

NOTE: BNSF will accept all railcar requests; however, a seven-day lead time is preferred.

Railcar Equipment Request

Request an empty BNSF railcar or modify, cancel or receive status on an existing request

- > BNSF.com: **Login** and go to the Ship tab

For questions or issues about your railcar request:

- > Phone: **1-888-428-2673**, option 4, 4, 1 (M-F, 8-5 CST)

NOTE: BNSF no longer supplies rail seals. Multiple providers can be found on the Web.

Order In/Release Railcars

BNSF Railway has the tools available for moving railcars in and out of your facility at your convenience.

Switch & Release

Order in or release a railcar into/from your facility and reject equipment (For customers served directly by BNSF)

- > BNSF.com: **Login** and go to the Ship tab
- > Voice Activated: **1-888-428-2673**, option 2
(Available 24/7)

To switch a BNSF or private railcar into your facility ("ordered in") or taken out of your facility ("released"), you'll need to provide the following information:

Order In

- Railcar initial and number
- Spot Location (Door #)

Release

- Railcar initial and number
- Status of railcar (load/empty)
- Shipping instructions (for loaded railcars only)

NOTE: If shipping instructions are submitted prior to releasing a loaded railcar, the railcar will be released automatically based on customer profile.

NOTE: In most cases, if you are using railroad controlled/owned railcars, you have 24 hours to load and 48 hours to unload the railcar before destination charges (demurrage) accrue. For private railcars, you generally have less than 24 hours to order in to private track or release on BNSF track before demurrage charges apply. One extra 24-hour period is given when constructive or actual placement is accomplished on Saturday or Sunday or after 5 pm Monday - Friday.

For more specific information

- > BNSF.com: **Customers / Support Services / Extended Equipment Use and Services.**

Submit Shipping Instructions (Bill of Lading)

Proper shipping instructions are necessary for BNSF to provide the correct transportation services and invoice the appropriate rate.

To submit shipping instructions, you'll need to provide the following minimum information:

- Parties to the waybill (shipper, receiver, freight payer)
- Payment method (prepay or collect)
- Origin (Rail origin city, state)
- Destination (Rail destination city, state)
- Commodity
- Railcar initial and number
- Weight (if known)

NOTE: For shipments moving on multiple railroads, shipping instructions are sent to the originating rail carrier.

Shipping Instructions

Submit the Bill of Lading

- > Electronic data interchange (EDI)
- > BNSF.com: [Login](#) and go to the Ship tab
- > Rail Industry Web (Steelroads): www.steelroads.com

For questions or issues about submitting shipping instructions:

- > Phone: **1-888-428-2673**, option 3, 2, 3

Modify Shipping Instructions (Diversions / Reconsignments)

BNSF provides the capability to make changes to your shipping instructions during transit.

To perform a diversion or reconsignment, you must be the payer of freight or an authorized representative.

- Diversions are performed during transit on BNSF, when changes need to be made to the route or destination of the shipment.
- Reconsignments are performed when there is a change to the receiver (consignee) and the destination remains unchanged or is within the switching limits of the original destination.

Request a diversion or reconsignment of a railcar

- > BNSF.com: [Login](#) and go to the Ship tab
- For questions/issues about a diversion or reconsignment:
 - > Phone: **1-888-428-2673**, option 3, 2, 1, 3 (M-F, 9-5 CST)

For questions or issues about modifying shipping instructions

Submit Cargo Claims

BNSF provides professional and equitable resolution to all cargo claims. Our Cargo Claims team will conduct investigations to determine liability for loss or damage to lading while in care and custody of BNSF.

To initiate a cargo claim, you'll need to provide the following information:

- Company name and address
- Contact name and phone number and/or email address
- Railcar, van or container initial and number
- Origin city and state
- Destination city and state
- Billing date
- Type of loss
- Amount and value of loss
- Request for payment of a specific amount of loss (dollars)

NOTE: It is important to report loss or damage to the delivering rail carrier prior to unloading, or within 24 hours of the shipment's release at destination. If the delivering carrier is BNSF, call 1-800-333-4686.

For information on filing a cargo claim, to submit a claim, or obtain status on an existing claim
