The City of Clovis Industrial Park is a 240-acre site located in Curry County, New Mexico just south of Clovis, NM. The industrial park has access to BNSF Railway and has received certification as part of BNSF Railway’s Site Certification program. BNSF certification ensures a site is ready for rapid acquisition and development through a comprehensive evaluation of existing and projected infrastructure, environmental and geotechnical standards, utility evaluation and site availability.

SELECTING A CERTIFIED SITE CAN:
• Reduce development time
• Increase speed to market
• Reduce upfront development risk of rail-served industrial sites

PROPERTY DETAILS
The City of Clovis Industrial Park is a 240-acre site located in East-Central New Mexico. The site is located adjacent to US 60, 70, and 84 east and the Tuck Bypass. The site is zoned heavy industrial and is bordered to the west by BNSF Railway. The site contains approximately 240 acres of industrial property and is currently sub-divided into 25 lots, ranging in size from 5 to 20 acres with the option to combine as needed.

Site Details:
• 240 acres available for development
• Direct access to BNSF Railway
• Available for Industrial Development

BNSF Certified Sites are a part of the Premier Parks, Sites and Transload program which is a strategic approach to addressing the increasing demand for customer site locations by developing various types of facilities across the BNSF network. BNSF Certified Sites have been reviewed by an industry expert in order to ensure accurate, reliable data. Our goal is to provide an inventory of rail-served sites that are available for immediate development.*

* In order to ensure a safe, efficient and economical switch operation, BNSF will want to review and approve the engineering plans to serve each tenant facility.
