

BNSF PRIVATE EQUIPMENT CHART

DISCLAIMER: This chart is intended to serve as an aid only and is not intended to supersede the Private Car Storage book.

In an effort to simplify our Private Equipment Policy we have constructed a table for your use. We have examples showing when the storage clock will start on private equipment after constructive placement (CP) and continues until the car is ordered to private or leased tracks (*Chart not applicable for a car loaded or unloading on team or railroad owned tracks.*)

Activity:

- Clock Start** – When CP occurs between 12:01 a.m. and 5:00 p.m. Monday through Friday, charges will be assessed from the first 12:01 a.m. and continue until the car is ordered to spot.
- CP occurring on Saturday, Sunday, or between 5:01 p.m. and 12:00 a.m. Monday through Friday, charges will be assessed from the second 12:01 a.m. and continue until the car is ordered to spot.

- Clock Stop** – Charges stop when the car is ordered to private or leased tracks.

- Daily Debit Charge** – \$75 for loads - Varies for empties by location (*See Item 1800F in the BNSF Storage Book 6005*)
- Hazardous Material Charge** – \$75 for loads (*in addition to applicable storage*)
- Free Time** – Starts from CP time and continues until the first midnight if CP'd between 12:01 a.m. and 5:00 p.m., Monday through Friday.
- Starts from CP time and continues until the second midnight if CP'd between 5:01 p.m. and 12:00 a.m. Monday through Friday or all day Saturday or Sunday.
- Non-Chargeable Days (NC)** – Holidays within the calculations to the first chargeable day. The first Sunday is NC if CP'd on Saturday. The first Monday is NC if CP'd on Sunday.

Example #1 is for all Private Equipment CP'd between 12:01 a.m. and 5:00 p.m. Monday through Friday, (*except as stated in the BNSF Private Car Storage Book 6005*) and continues until ordered to private or leased tracks. Holidays within the calculation to the first 12:01 a.m. will be excluded.
