- Price applies in U.S. Funds.
- If a shipment that moved pursuant to this price list or moved from an origin served by BNSF has reached its destination, but is rejected or not completely unloaded, at shipper's request, carrier(s) shall return the commodity remaining in cars to origin (via the reverse routing) or any destination served by BNSF or the participating carriers named in this price list, under provisions contained in applicable tariffs in effect on the date of return. In such case, the rate contained in this price list may be utilized for the return trip if it produces the lowest transportation charges. The minimum weight shall be applicable on such return shipments.

Customer warrants that its interest in the equipment used under rates in this price list is sufficient to permit it to waive full payment of mileage allowances, customer and railroad agree that railroad will not be liable for mileage allowances in excess of the above obligation. In the event that a party other than customer submits a claim to railroad for mileage allowance payments in excess of railroad's obligation under this price list, customer shall at railroad's option either (1) release, defend and indemnify railroad from said claim including attorney's fees and cost of litigation or (2) reimburse railroad for excess mileage allowances paid by railroad within (30) days of notice by railroad.
- Price is not subject to a Fuel Surcharge.
- Price must not be used in combination with other prices for the portion of the shipment both prior to specified origin and subsequent to specified destination. The waybill origin/destination must equal the price origin/destination.
- Shipments reaching destination but not unloaded, for reasons other than carrier error, may be returned to original shipping point via the reverse route at the same price.
- Price does not apply when subsequent move is via water.
- The Price document number, correct address and patron code must be shown on the bill of lading to insure accurate billing. Payments of freight charges on interline through rates within this price authority are as follows: Freight charges must be prepaid when BNSF is the originating carrier.
